COUNTY NEWS IN REVIEW

Antarctic Adventure—

For the next 18 months, Mrs. Kate Brown, a nurse at the San Mateo County Relief Home, will be completely cut off from her son, Earl Baker Perce, 30, who will be somewhere in the Antarctic with Rear-Admiral Richard Byrd. Perce, a radio man and aviator, who has been in the navy for the past twelve years, left recently on Byrd's 68-year-old barkentine, Bear of Oakland, for the South Polar regions.

Dope Conviction—

Antonio Gamazzo, 39, one-arm Coastside rancher, was found guilty of illegal possession of marijuana in the Superior Court in Redwood City last week. Gamazzo was arrested September 16 by state narcotic agents, who raided the Gamazzo residence on Gum Tree lane a mile south of Half Moon Bay and one and a half miles east of the Coast highway.

Santa Already—

The never-failing attraction of a personal appearance by Santa Claus, drew an estimated crowd of more than 5000 persons to downtown Burlingame one night last week for a colorful Christmas party staged by Burlingame merchants.

"Cocktail Death" Drive—

Notice was served on San Mateo county tavern owners last week by Commissioner George R. Reilly, state board of equalization member from this district, that they must be prepared to assume responsibility for motorists they send out of their places in a drunken condition.

Reilly announced his campaign against "death with cocktails" on the highways would be prosecuted by requesting board action that would suspend and perhaps revoke the licenses of all tavern owners who permit drivers to leave their premises in an alcoholic daze.

Judge W. H. Clay Fines Speeders

Homer S. Hubbard, Colma driver whose automobile careened into a parked car, broke a hydrant and crashed into a building at the corner of Moltke and Mission streets, was given a $25 suspended sentence and put on probation for six months, Friday, by Judge Wade H. Clay. Hubbard was charged with reckless driving.

Speeding cost Lois Nickel Narhein, 2430 Broadway, $10 at Friday's court; Frank Cardine, 750 Yale street, $5; Adriana Marjorie Montgomery, 130 Yerba Buena, $5; Edythe Caro, 351 Seventeenth avenue, $2.50; James Milton Burke, South San Francisco, $5, suspended; and Anthony P. Tarantino, South San Francisco, $2.50, suspended.

Paul Emil Leopold Kolisch, 950 Pine street, was fined $1 for going through a signel and Frank Ackley, 251 DeLong street, was fined $1 for illegal parking in the crosswalk near the theater.

The cases of Ernest Griffin, 1969 Sutter, charged with speeding, and Catherine Niland, 650 Forty-sixth avenue, charged with striking an unattended vehicle, were continued until next week.

Fred Poli, 550 Crocker avenue, whose license was suspended November 17 by Judge Clay, was cited to appear in court again December 8 on a charge of operating a car without a license, November 23, and speeding without due cau-

Busses In Service

Daly City's municipal busses were put into actual operation Friday, between Mission and Market streets and Junipero Serra and Ocean avenue, with 680 passengers availing themselves of the new and faster method of transportation on the first day of service.

Schedules have been maintained with little difficulty, Mayor Paul G. Selmi said, and the yellow busses are becoming a familiar sight on Daly City streets. Passengers state that the trip to downtown San Francisco can be made in approximately 35 minutes, a considerable saving of time over former methods.

Busses run every 15 minutes during rush hours and every 30 minutes other hours, from 6 a. m. to 10 p. m. The "K" street-car line, with which the bus line connects, operates on a 2½-minute schedule.

Bus Superintendent Julius F. Castelan announced that school commutation tickets, 20 rides for 50c, are now on sale at the office of the city clerk. The 2½c rides are good for children under 18 years, between the hours of 8 a. m. and 4 p. m.

City officials in general were optimistic as the busses rounded out the first four days of service. Typical remarks overheard from bus patrons included comment on the comfort and speed of the new system; of the convenience of the route; and of the important factor that these busses are expected to play in the rapid progress of this community.

Work Out Details On Street Project

Details for a proposed $600 Street Project No. 9 to repair the cracks on Hanover street from Wellington avenue to the county line and on Templeton avenue from Alexander to Ventura way, are being worked out this week in the office of City Engineer Julius F. Castelan.

Since both Hanover and Templeton are major streets, funds from the state gasoline tax will be used to defray the cost, subject to the approval of the city council.

It is also planned to install cat-eyes on Mission street on the safety zones from San Jose to Templeton, to protect pedestrians.

The city engineer also reported that three $3000 home building permits were issued here last week. One home will be constructed in the 300 block on Winchester and two in the 100 block on Los Olivos.

Garden Village Hails D. C. Busses

Garden Village turned out en masse Friday night to celebrate the starting of Daly City's Municipal bus service. Two bus-loads of Garden Village residents toured the route from Colma to Ocean avenue and return in Daly City's new busses, ending up at Garden Village, where Paul A. Wolter jr., struck the match that lit the huge bonfire starting the evening's jamboree.

After a barbecue and refreshments were served, Bill Davidson, known to thousands as the "Rise and Shiner" on KFRC, gave dialect imitations of various nationalities and acted as informal mas-

Name Graduation Speakers at Jefferson

Julia Bertini has been selected as valedictorian and Robert Christen as salutatorian for the Jefferson Union high school graduation exercises to be held January 24, according to Miss Marjorie Robinson, senior advisor.

Genevieve Price, president of the student body association, and Ruth Morris, president of the senior class, will also speak.

Helen Smith qualified as valedictorian, but declined the honor. Speakers were chosen on the basis of the highest marks in scholarship. Lucille E. Shaw and Allen Hertel also had high rankings.

Sigfred Hansen, dramatics teacher, will coach the students with their speeches.

Warn Residents Of Pick-Pocket

Daly City police this wek cautioned residents against a young pick-pocket Negress, known to be operating in this vicinity and believed to be one of two young Negro women who last week slashed and robbed a steel mill mechanic in Burlingame.

David Sheridan, 42, told his story at Mills Memorial hospital, where he was treated for deep cuts on the face and arm. He said he was walking home when the women accosted him, pushing him toward a vacant lot. While one slashed him with a razor, the other removed his purse containing $40.

Police Chief A. L. Hilton said that the procedure used here by the young Negro woman had been one of close approach, deft picking of a pocket and sudden flight in a waiting limousine. Residents seeing either of the pair are asked to notify police immediately.

Give Xmas Play

Jefferson Union high school will present its annual Christmas play at 8 p. m., next Wednesday, at the school auditorium.

Entitled "The Christmas Pageant," the production will present an all-student cast, under the direction of Sigfred Hansen, high school dramatics coach. Charles Yonan will be assistant director.

Featured players include Wayne Chapin, Charles Yonan, Muriel Hollingsworth Evelyn Ciemoli, Ruth Morris, Roy De Vincenzi, Gillespie, Melvin Dykeman, Frank Currier, Laurence Lemos and James Watson.

Make Arrangements For Christmas Party

All civic organizations and clubs are invited to attend a meeting in the council chamber, city hall, at 8 p. m., Friday, to make final arrangements for the children's Christmas party, according to Bruce Boynton, WPA Recreation department head.

The Christmas party is set for December 18. Appearing on the program will be Lembi's Indians of Rhythm and Miss Inez Horn's Spanish unit and Children's band.

Merchants are being contacted for contributions. Private donations can be sent to the Christmas party's financial chairman, A. J. Boiden, at the Water department, city hall.

Castelan to Serve As Superintendent

City Engineer Julius F. Castelan was made superintendent of Daly City's new municipal bus system by unanimous vote of the city council at a special session Thursday evening.

Castelan will have charge of the operation, care and maintenance of the busses. B. C. Ross, city clerk, was appointed to handle the finances.

The council officially adopted the present bus schedule for the month of December. Three drivers, George McLeod, Arlie Beecher and Roy Clark, were selected.

Bid for the Laykold surface of the Acton street playground was accepted at the unit price, for the tennis court only.

Set Hearing Date In Narcotics Case

Preliminary hearing of Lillian Bonafetti, alias Lillian Boni, 150 West Moltke street, on a charge of transporting narcotics, has been set for 2 p. m., December 14, by Judge W. H. Clay.

Mrs. Bonafetti, twice previously convicted of narcotics charges, was arrested Tuesday by state agents who reported finding a quantity of morphine in her car.

Mrs. Bonafetti is out on $1000 bond. Arrested with her Tuesday was Charles Walton, 45, a negro, who is being held in San Francisco on a narcotics charge.

Map Work Program For Colma Soil District

Members of the San Mateo County soil conservation district board of directors met in Redwood City, Friday, to map a work program with the state and federal governments for work on the Colma region erosion control project—first of its kind in the state.

With the aid of the CCC and federal funds, the county expects a million trees to be planted in the area, and other steps taken to combat erosion which has robbed the Colma basin of thousands of tons of rich soil due to winter rain run-off and lack of crop rotation.

Discuss Hall

Representatives of twelve Daly City organizations met in the council chambers at the city hall, Monday evening, to discuss the building of a community hall. Mayor Paul G. Selmi opened the meeting.

Rene Brulez was elected president of the association and Mrs. Ethyl Dorn, secretary. The need for a community hall as a meeting place for Daly City's many service and social clubs was discussed, and a tentative plan was submitted by O. Hinterman, who was an associate architect for the city hall.

It was pointed out that a community center would necessarily be diversified in its arrangements, to accomodate the different needs of various clubs.

The old Vista Grande school site was suggested as a possible location. Of this property, the city owns an approximate thirty-foot frontage on Mission street, running back to Santa Barbara street; and the rest of the property is owned by the Jefferson school district.

Much enthusiasm was shown by club representatives for the project, and instructions were given to ascertain the reaction of their respective organizations and report at the next general meeting. Five members of every social club and civic organization are invited to attend the next meeting, which will be held in the council chambers, city hall, December 18, 7:30 p. m.

Famous "Indians" Receive New Honor

Dante P. Lembi's "Indians of Rhythm," those famous Jefferson swingsters, scored yet another triumph this week with a suggestion from Roy M. Peterson, president of the Sons of Spanish American War Veterans, San Francisco Camp No. 2, that the youthful performers give an entertainment in San Francisco's War Memorial building.

The letter from Peterson reads in part as follows: "On behalf of this organization may I again congratulate you and your students for the fine performance of Thursday evening. When our honored guest, Mrs. Betty Bassett, spoke, she complimented your fine work and the character of your students.

"I should like to bring up a plan at our next executive board meeting to have you again at the Veterans building, of course at a paid admission, the proceeds to go to the music department of your school—I will get in touch with you as soon as I can make arrangements for a meeting."

Lembi's Indians of Rhythm have a packed schedule from now until the end of the year, including a performance at the San Bruno Silver anniversary celebration, December 14, and an appearance at the Daly City theater, December 15.

Police Chief Warns Cyclists

Chief of Police A. L. Hilton this week warned boys and girls that they must not ride their bicycles on the sidewalk. Such a procedure is against city ordinances, he pointed out, and a serious menace to the safety of pedestrians.

The chief stated that it will be necessary to take offenders before Judge Wade H. Clay, and urged that parents cooperate in keeping

The first presidential interview was held when George Washington decided to retire from the presidency. He sent for David C. Claypoole, editor of the Daily Advertiser in Philadelphia. After explaining his plans to Claypoole, he informed him that he had some reflections upon the occasion which he wished to communicate to the people of the United States through the Daily Advertiser. Claypoole was given a copy of the Farewell address, which he published in his paper in the edition of September 19, 1796.

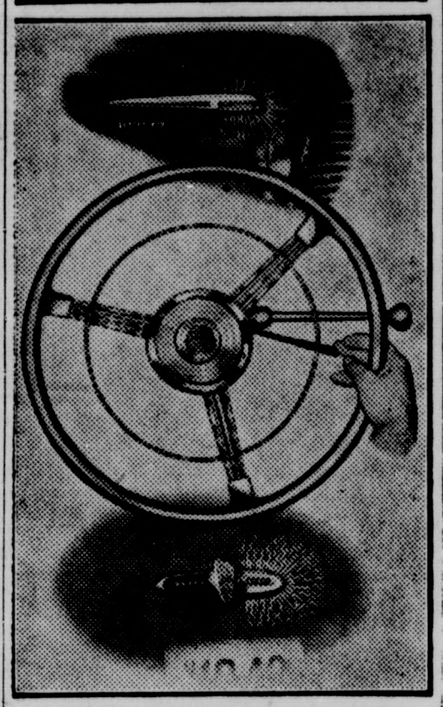
Norway's Platinum Fox

One of Norway's rare animals is the platinum fox. It can best be seen as pelt in the fine shops of Oslo. The platinum fox is a mutation of the silver. Only some 300 pairs of it are now in existence and its pelts are among the most valuable of all furs. While Norway has few of it, the country has more than 20,000 silver fox farms and is the leading land of Europe in producing these pelts.

Safety Device



BUICK for 1940 introduces as standard equipment the new fore 'n aft safety direction signal illustrated in the photo-diagram above. A flip of the switch on the steering wheel flashes signals in the front fender lamps, top, and the rear trunk monogram, bottom, warning both opposing and following traffic of the driver's intention to make a right or left turn. The switch automatically turns off after the turn is made.

Car Buyers Praise New Compartment In 1940 Chevrolet

Because so many 'little, but important" features of the new 1940 Chevrolet have received such favorable comment ever since the new Chevrolet made its appearance, F. Norman Phelps, Pacific coast regional manager, this week called attention to a few of the more outstanding in the interests of greater motoring comfort and pleasure.

"Many of the visitors to the Chevrolet showrooms have been especially impressed with the illuminated trunk compartment of the new models. Due to a new and attractive treatment of the rear lamps, tail lamps are mounted within the body, with only their ruby lenses protruding. When lights are on, an ingenious reflection arrangement illuminates the complete trunk and baggage compartment, facilitating the storing or removal of baggage, tools or travel equipment."

Chevrolet is shown locally by Belli Motor company.

An overdrive transmission, lending added thrift to the already frugal consumption of the car's gasoline and oil, has been made available as optional equipment on Studebaker's new 1940 Champion in the lesser-price field, it is announced.

Garden Village residents hail Daly City's municipal busses as a definite step toward faster and more convenient transportation. It is believed the new service will prove an important factor in helping to build up that district.

Japanese Synthetic Gas

Synthetic gasoline in Japan costs three times the market price of imported gasoline, says Industrial and Engineering Chemistry. The Japanese government subsidizes the synthetic product, the supply of which thus far does not exceed 10,000 gallons a month. Production is slated to be increased by 2,900 per cent within the next three years.

(Editor's Note: This is the tenth installment of an informal history of the Daly City Fire Department, dedicated to "those who serve—not for personal gain—but for the welfare of all."

Through the cooperation of William J. C. Goldkuhl, E. W. Goldkuhl sr., and Edward W. Goldkuhl jr., authors, and the Daly City Record this interesting story is made available to the general public.)

The year 1918 also found the fire fighting speed of the companies vastly improved, and the results of this began to show in the lessening of the fire insurance premiums in the district. The alarm service was improved upon, and the organization between the companies for arriving at a fire was regulated to a much better degree.

This period also saw the entrance of more companies into the State Federation of Firemen. April 9, 1919, on a suggestion of Fireman H. H. Smith, it was moved to recommend the purchase of the Vista Grande Park as a permanent park for the City of Daly City. Through the efforts of the recommendation and the work put forth in addition by the Fire Department, Daly City today has what will in time become one of the most beautiful parks in the vicinity.

On May 28, 1919, the City Council purchased for the Fire Department twenty coats and helmets. Little by little, as the years roll by, the Fire Department was gradually getting outfitted.

The year 1919 found the following officers in charge of the Daly City central fire organziation: A. J. Green, Commissioner; W. J. Sweeny, Chief; H. Heim, Assistant Chief; H. Sunderman, Fire Marshal; F. Michelson, Hydrant Inspector; G. R. Augustin, Secretary, and E. Kingsland and L. Shaw.

Many new members came into the Fire Department. They were admitted to the various companies through ballot. After admittance, they were instructed in the duties of fire fighting and were taken into the social functions of the company.

During July, 1919, discussion was brought into the Fire Department on the installation of a taper system of alarm, and there was also talk about compensation for the members of the Fire Department. It was found that it would necessitate a bond issue of $40,000 to effect these improvements. After much discussion, a ballot was taken. Because of the prohibitive cost to the City, the Fire Department voted to carry on with the present alarm system and no compensation until the City could be financially able to meet the outlay of such a cost.

Scholarly Intruder

Because an erudite Minneapolis burglar was catching up with his reading, the police caught up with him. The scholarly intruder entered the home of Mr. and Mrs. Frank Farnham while they were absent. In the course of his ransacking he espied an interesting magazine. He comfortably propped his feet up on a table and became immersed in an absorbing story, oblivious of passing time. Meanwhile the owners returned and called the police, who escorted the bookworm away.

Shipwrecks Missing

New Zealand has a shipwrecks society and no shipwrecks. It was disclosed by the Shipwrecks Relief society that money is accumulating in the bank for want of disaster. The society obtains its finances from the shipping companies and the harbor boards of this country, all of which make an annual contribution. Year by year the funds grow larger. Now they stand at $80,000 and are safely invested. This has resulted in the society now receiving more than it spends. The position is regarded with satisfaction by local governments, it seems. Mayor Arthur H. Allen of Dunedin has said: "It is gratifying to know this money has been invested in gilt edged securities."

Immortal Tale of "Beau Geste" Brought to Screen of Local Theatre

A roaring, lusty tale of the indomitable gallantry of three loyal brothers will blaze across the screen of the Daly City theatre when Paramount's great new production of "Beau Geste" is presented tomorrow to local audiences for the first time.

Gary Cooper, Ray Milland and Robert Preston are stared in this glorious picturization of the great P. C. Wren novel. The superb supporting cast is headed by Brian Donlevy, Susan Hayward, J. Carrol Naish, Donald O'Connor and James Stephenson.

The picture tells how the three "Geste" brothers gallantly join the French Foreign Legion to avert having the finger of suspicion point at any of them as guilty of the theft of a valuable sapphire, the "Blue Water," from their guardian. In the legion, there is desperate conflict between the brothers and a mad, brutal sergeant, "Markoff," played by Brian Donlevy, who, suspecting that one of the brothers has the gem in his possession, determines to get it for himself.

The picture reaches high peaks of adventure when Markoff, having chosen only Beau and John for duty at an isolated desert fort, Fort Zinderneuf, gains command, and drives the men to mutiny with his savage treatment.

Companion feature on the new bill is "The Under-Pup," starring Gloria Jean and Robert Cummings.

Gary Cooper, stared in "Beau Geste," Paramount's rousing adventure film of the Foreign Legion, opening tomorow at the Daly City Theatre.

Driver in Crash To Stand Trial

Grover Wallace, 26, San Francisco, arrested following a three-car collision October 1 on the Ocean Shore highway in which 14 persons were hurt, was held to answer to superior court on a felony charge of drunk driving involving injury by Justice of the Peace W. H. Clay last Wednesday.

Bail on Wallace, who suffered a badly broken shoulder, was reduced from $250 to $100 and he was released from the county jail where he had been held since leaving Community hospital early this month. The charge was filed by State Traffic Officer Louis Rinkle who said Wallace's car edged over to the wrong side of the road while rounding a curve, struck the machine of Michale Buckley, 15, sending it crashing head-on into a car driven by Sam Kellerhak, 31, San Francisco.

Not So Bad

The Melbourne, Australia, government is convinced that traffic and driving instructions offered in a humorous vein are more effective than the usual type. With every driving license now granted is provided a book entitled "Many Happy Returns," containing instructions like the following: "It isn't your fault if all the other road users are completely daft, but it is your fault if you aren't prepared for them to be so."

Congressman Sends Encouragement

Daly City's long-awaited WPA street improvement project for the south end of the city received encouraging support this week as the aftermath of a visit here Saturday of Congressman J. Z. Anderson.

A letter received by City Engineer Julius F. Castelan, Tuesday morning, from Anderson included a copy of a wire which Anderson had sent to Colonel F. C. Harrington, Administrator of the Works Progress administration in Washington, D. C., which read as follows:

"Conferred Saturday with Daly City officials regarding WPA project 0940-715. This project calls for street paving in Daly City and having inspected the proposed job personally, I feel that speedy approval by the WPA is essential. May I respectfully urge that you give this matter your attention and reply at your earliest convenience."

The project will cost approximately $260,876 and will employ 200 men for a full year in the reconstruction of sewers and street laterals, improvement of streets, curbs, gutters and sidewalks in the south end of the city.

Chameleon's Colors

The chameleon does not arbitrarily imitate the hue of the object on which it rests, nor is the process wholly under its control. The changes are reactions to certain conditions of light and temperature and to various emotional states, such as fear and anger. The physical cause may be traced to two differently colored layers of pigment under control of the nervous system. The best known species is ordinarily a greenish-gray, from which it changes to emerald green or to dull black, sometimes showing reddish or yellowish spots.

New Tree Pruner

A new tree pruner, operating on hydraulic pressure, easily cuts limbs up to two inches thick. Extension poles enable the operator to remove a limb 20 feet from the ground.

Ostrich Blocks Traffic

Invading Nairobi, Kenya colony, an ostrich took a stand in the middle of the main street and held up motorists until a woman sounded the siren on her car, at which the bird stepped aside and let the line pass.

Cottonmouth Moccasin

The cottonmouth moccasin is a dangerously poisonous snake generally of dark chestnut-brown with some darker barring and with yellowish-white stripes on the head and throat. The common name of this snake refers to the white lining of the mouth, which it is said to display before biting. Cottonmouths may attain a length of four feet. They are not aggressive and most cases of snake bite in which they are involved are due to the reptiles being stepped on.

Development of Bicycle

The general idea of the bicycle is suggested in ancient carvings, but the machine was not successfully developed until the Nineteenth century.
